

I drive a truck for a living, and I have to deal with traffic all the time. I rely on my XM to keep me up dated with the news and traffic. I'm sure I am not the only person. It saves me alot of time in the rush hour traffic. Also it has the traffic reports all the time, by the time you hear it on the radio you don't have time to take a different route, and you can end up right in the middle of everything and the way the rule's are for the drivers now, you can run out of your time to drive. Thank You
